REMARKS

This response is intended as a full and complete response to the a Statement of Substance of Interview concerning an interview, held on November 14, 2006, between Examiner Thu V. Huynh from the USPTO and Chin (Jimmy) Kim, representative of the Applicant.

INTERVIEW SUMMARY

Applicant's representative wishes to thank the Examiner for the courtesies extended during the interview and for taking time out of the Examiner's busy schedule to speak with Applicant's representative.

The Applicant acknowledges the Examiner's summary of the Substance of the Interview mailed on November 21, 2006. The Applicant and Examiner Huynh are in agreement that the finality of the office action mailed on September 21, 2006 was correct and that the Macfarlan, Burkett and Beranek references were discussed.

However, the Applicant notes that the Applicant and Examiner Huynh were not in agreement as to whether or not the combination of the prior art of record meets the claimed language. Rather, the Applicant agreed to amend the claims to clarify the Applicant's invention and distinguish the claims from the combination of the prior art of record.
